## The Self-Employment Programme

### Business plan evaluation committee Meeting minutes

On the 30<sup>th</sup> and 31<sup>st</sup> of July 2015, the Business Plan Evaluation Committee convened and reviewed the business plans submitted for consideration after expert appraisal. The committee is composed of a representative of Ministry of Labour and Social Welfare, Ministry of Trade and Industry and ALMP project of UNDP. Each business plan has been initially evaluated by two experts, independently. Based on the scores provided by the experts, a list of recommended businesses has been prepared for the Evaluation Committee to consider for approval.

The table below shows all the candidates that have scored 60 points or more in the evaluation of the business plans and the committee has considered them with potential for success. However, there will be a verification process for all the candidates in this list. During the verification process, all the information provided in the business plan will be validated. Only after this process, the candidates whose business plans are validated, will be official grantees of this programme, and will have the right to register their businesses. Please do not register the businesses before you receive a confirmation by your respective employment counsellor.
